- Optical zoom and vertical/horizontal lens shift
- 6-Point Screen Adjustment for precise projection into corners
- Minimized screen shadowing

#### Effortless Connectivity and Collaboration

- Wireless LAN connection via QR code

#### Low Maintenance and Eco-Friendly

- Time until light output declines to 50%: 20,000 hours
- ECO Management System and low power consumption

### Common Customer Challenges

Panasonic Connect's advanced projection technology addresses many common customer challenges in both the commercial and in-home market, ensuring a seamless and immersive golf simulator experience.

Challenge	Solution
Adapting to Various Room Sizes	Optical zoom, lens shift, and geometric correction for flexible installation in any space.
Readjusting Focus on High Ceilings	Power Focus feature for easy and precise focus adjustments, even in rooms with high ceilings.
Vivid Image Projection	6-axis color management and specialized Golf Mode (already available in VMZ71 only) ensure vibrant, realistic visuals.
Large Screen Projection in Bright Environments	High brightness projection and interchangeable lenses provide clear, bright images even in well-lit spaces.
Noisy Equipment Disturbing Game	Whisper-quiet operation ensures a distraction-free golfing experience.
Future-Proof Technology	Accepts 4K signals for compatibility with 4K content.
